PRODUCT INTRODUCTION

ENTRUST

NEW

01

ENTRUST SIGMA DSE

- Competitively priced in-market to meet the needs of any badging or credential printing job, without sacrificing on efficiency and excellence.
- Unmatched Security, Connection and data sent between software and printer is encrypted.

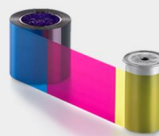

Replacement for SP35/55

02

ENTRUST SIGMA EM1 (Single-sided), SIGMA EM2 (Double-sided)

- Small footprint; High performance-price ratio.
- You can choose customized modules.

Upgraded version SD160/260

03

ENTRUST SIGMA DS1/SIGMA DS2

- Secure boot protects system from malware or virus on boot-up.
- Forward-thinking technology and scalability allow you to expand your ID card program as your needs evolve.

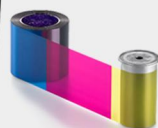

Upgraded version CD800

04

ENTRUST SIGMA DS3

- The entire process from unboxing to card issuance, mobile pass management, and printing management.
- Forward-thinking technology and scalability allow you to expand your ID card program as your needs evolve.

DS3+TIM

Tactile imprint module, capable of customized badge pattern design.

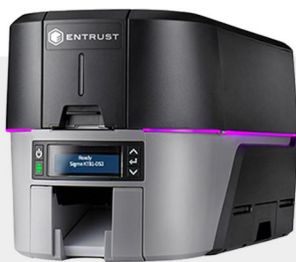

DS3+Lamination

More durable and with higher anti-counterfeiting capabilities.

DS3+Multi card box+Lamination

Realize simultaneous printing of 6 different card faces.

NEW

05

ENTRUST SIGMA DS3 600DPI

- True 600 x 600 dpi high resolution.
- Supports single-sided/double-sided printing.
- Integrated TPM security chip and UV/holographic film anti-counterfeiting technology.

DS3 600DPI+TIM

Tactile imprint module, capable of customized badge pattern design.

DS3 600DPI+Lamination

More durable and with higher anti-counterfeiting capabilities.

DS3 600DPI+Multi card box+Lamination

Realize simultaneous printing of 6 different card faces.

06

ENTRUST SIGMA DS4 Financial Card Printer

- Intuitive printer dashboard lets you see printer status, order supplies, check cleaning status, update firmware, or contact help - all from your.
- Supporting 300 x 600dpi and 300 x 1200dpi.

DS4+ES1

Can add embossed wheels up to 75-character embossing, in compliance with financial format ID-1 ISO 7811-3. Can be used on the front, back, or both sides of the card.

DS4+RMI

Embossing concave characters on the front or back of the card through character embossing wheels and ribbons.

DS4+LCM

Elevate the brilliance and durability of card design to new heights.

07

ENTRUST CR805

- Superior image quality; Expanded modularity;
- Lssuance security architecture; Increased speed;
- Increased durability; Cloud compatible "coming soon".

CR805+Lamination

More durable and with higher anti-counterfeiting capabilities.

CR805+Multi card box+Lamination

Increase card durability and prevent forgery.

呈研Hiti

NEW

呈妍HITI-CS-270E

- 支持双面打印和多种安全编码模块（磁条、智能IC、RFID）
- 新增卡片余额不足提醒功能（低于22张时通知）
- 采用RFID标签识别的专用色带，兼容白卡和透明卡

01

02

CS-200E

性价比高

03

CS-220E

可打印透明卡

04

CS-290E

打印速度更快

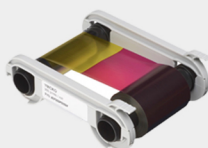

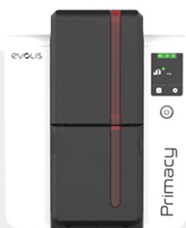

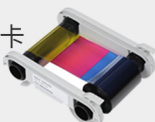

EVOLIS

NEW

01

EVOLIS ZENIUS2

- 操作简单、功能灵活、体积小巧，适用于小批量发卡
- 可视化打印机仪表板
- 可添加各种类型的编码模块

EVOLIS PRIMACY2

- 同时可安装大容量进出卡槽，中等或大批量最佳方案
- 打印速度快，功能强大，支持单面或双面打印
- 能够通过添加模块来升级编码功能

02

03

EVOLIS AGILIA

- 桌面式打印机，卓越性价比提供专业级打印，是品质与成本平衡的优选
- 边到边打印、600 DPI 分辨率、单面或双面个性化打印
- 集成UV防伪、微缩文字等高级安全功能，可选配覆膜模块提升耐用性

EVOLIS AVANSIA

- 600DPI再转印技术，打印效果高质量
- 兼容PVC/PC/PET等材质，自动矫正卡片平整度
- 专为高强度发卡设计，功能强大、高效快速

04

Retransfer ;

- 03**
MATICA 8600
600dpi high resolution ;
Printing clear and
small characters.

KINGAOTECH

01 KINGAOTECH KT56S

- 300-1200dpi, single color 3-5 seconds/sheet high-speed printing.
- 100 Card capacity+CR80 standard edge to edge printing.
- Compatible with various card materials such as PVC/composite PVC.

02 KINGAOTECH KT6800

- Multi functional full-color single and double-sided card printer, supporting 300DPI, edge to edge printing.
- Lightweight and versatile module selection.

03 KINGAOTECH KT-R85

- Domestic high-definition 600dpi reprint social security card issuing machine.
- Improve the situation of "large application volume, few processing windows, and long card production cycle" in window card processing.

04 KT-M1 / KT-M3

Portable social security card issuing machine

- Support for contact and contactless IC card reading and writing, high-definition photography, and fingerprint verification services.

05 KT-1250 Self-service kiosk

- A user-friendly interface with simplified operation ; supports batch certification to enhance production efficiency.
- Built-in data encryption and security control features.

HID

01

HID FARGO® HDP6600 Retransfer printer

- Supports Single or dual-sided printing.
- Ability to print up to 230 cards per hour (YMCK with transfer).
- Retransfer-based wasteless lamination.

HID FARGO® HDP6600+TIM

iON™ Technology, Expediting the retransfer printing and lamination processes;
Utilizing HID Global's innovative wasteless lamination technology—helping cut your high-volume lamination materials costs by up to 40%.

02

HID FARGO® HDP5000E Retransfer printer

- Optional dual entry card slot, Easily manage multiple types of cards.
- Supports Single or dual-sided ; Expanded modularity.
- Built in AES-256 encryption, data protection, and optional security lock.

Double-sided printer

Double entry card slot
Double-sided printer

Double-sided printer+TIM

03

HID FARGO® DTC1500 ID Card printer

- Resin scramble data protection and custom overlay watermark.
- Low-cost, high-capacity consumables.
- Scalable modular design, powerful printing function.

04

HID FARGO® DTC4500E ID Card printer

- High-capacity ribbon consumables and dual input card hoppers.
- Supports Single or dual-sided ; Simple plug-and-play.
- Use optional lock, built-in password protection, and AES-256 encryption.

05

HID FARGO® DTC4250E ID Card printer

- Intuitive interface, easy-to-use, quick to get started.
- Supports Single or dual-sided; secure and eco-friendly.
- Create high-quality, visually rich credentialson demand.

06

HID FARGO® DTC1250E ID Card printer

- Excellent printing speed, 16 seconds/card / 225 cards/hour (YMCKO).
- Plug and play - a simple and intuitive user-friendly interface, easy to set up.
- Compact footprint; Supports reusable eco-friendly ribbon and copy cards.

PARTIAL BRAND COOPERATION

AFTER SERVICE

**Quick
response service**

Principle of Service – Rapid Response

1. Providing 24/7 telephone support via the hotline (4008-917-968);
2. All quality issues are addressed promptly by all departments to assist customers in resolving problems. During the warranty period, original factory parts damaged not due to human error are provided free of charge; after the warranty expires, repairs are carried out at only the reasonable cost.

**Principles of
Value-Added Services**

Principles of Service – Value-Added Services

1. While customers enjoy the company's products, the company actively provides technical support, product recommendations, and feedback on the latest market information.
2. Regularly monitor user usage, analyze issues and generate reports to ensure stable system operation, while inspecting equipment and providing inspection reports.
