

The image features a background of diagonal stripes in various shades of green and yellow. A large, dark green diamond shape is centered on the page, containing the company name. The name is written in a bold, white, sans-serif font. The first part is a stylized 'K' symbol, followed by the word 'ETIAN' in all caps, and then the Chinese characters '科田' in a similar font style.

KETIAN 科田

Ketian is a manufacturer with 25 years of experience in producing PVC sheets for smart cards and environmentally friendly RPVC materials.

DONGGUAN KETIAN SMART CARD TECHNOLOGY CO., LTD.

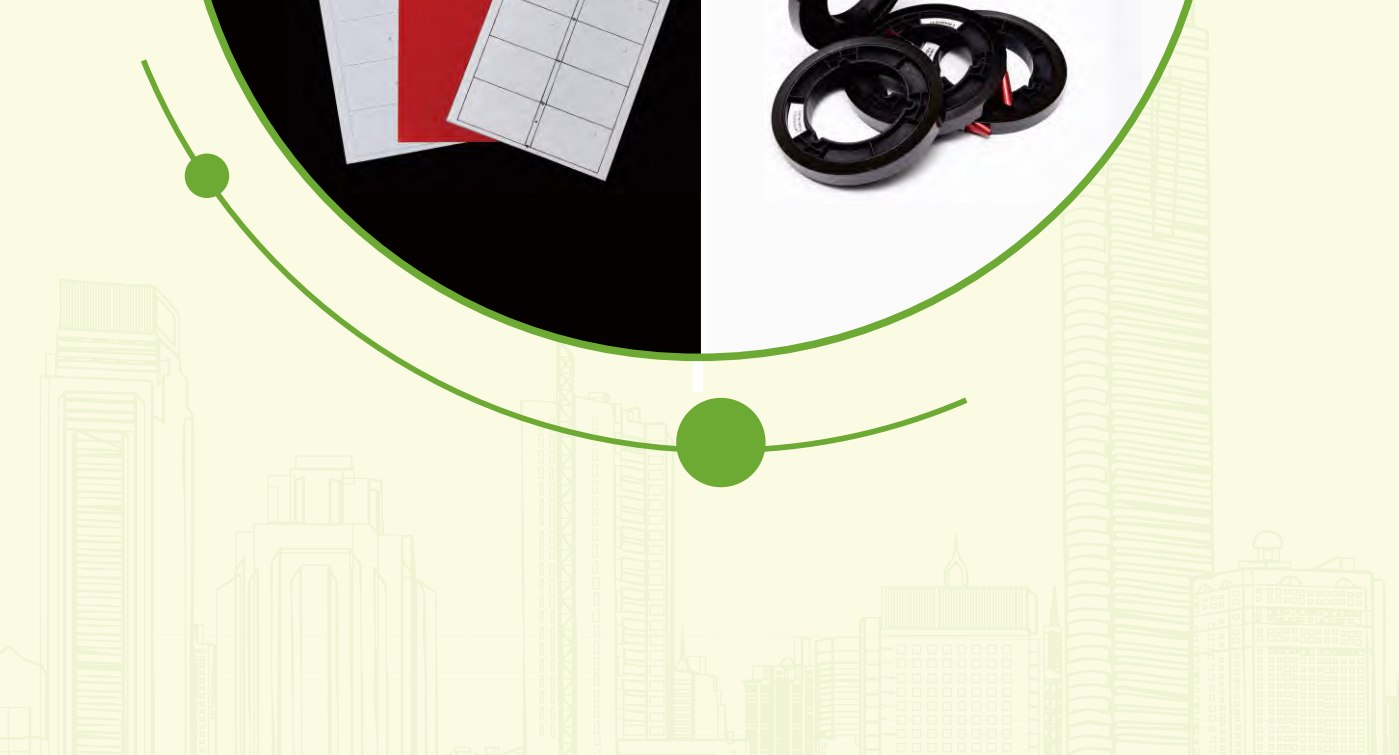

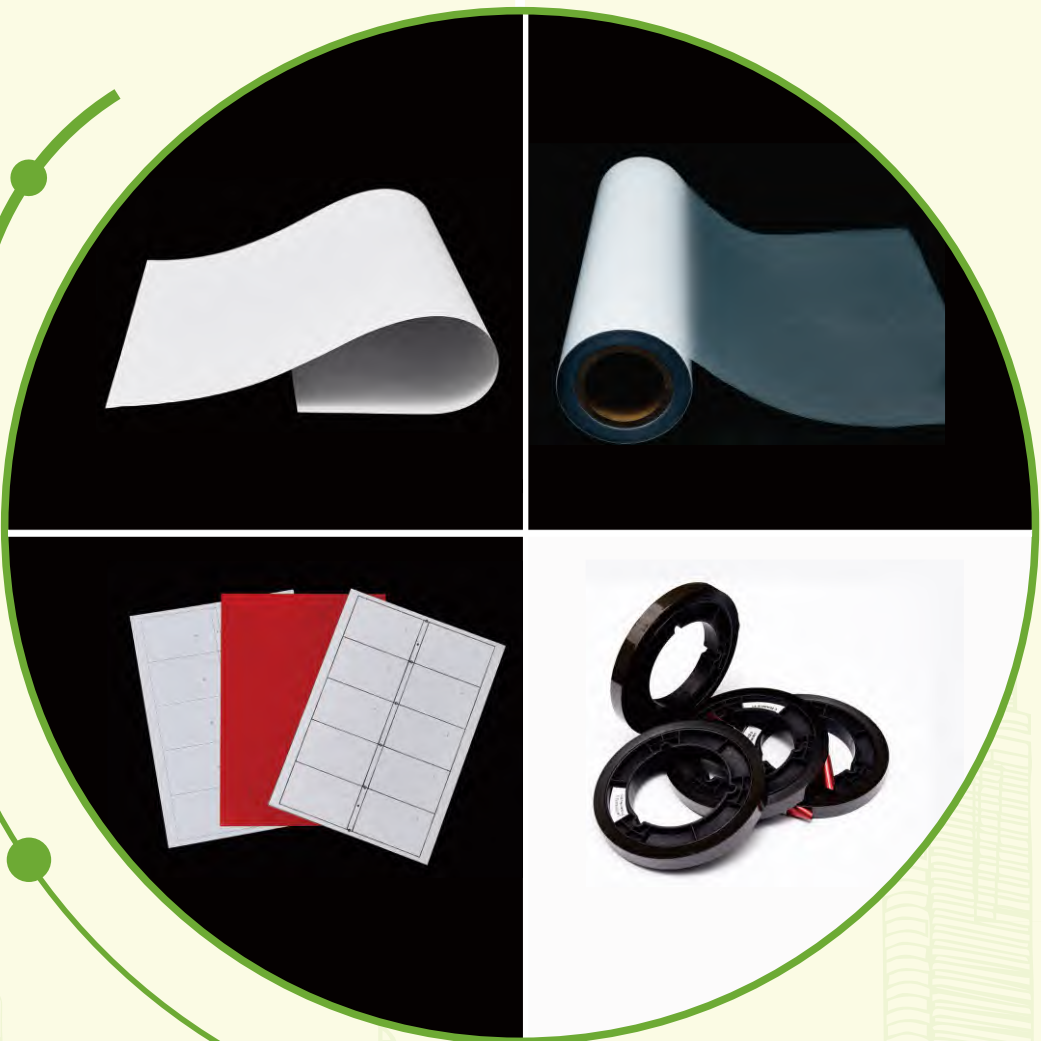

Dongguan Ketian Smart Card Technology Co., Ltd, established in 2000, is located in Dongguan, Guangdong Province, one of the most economically developed regions in China. We are the only company which have self-built factory facilities in PVC industry of South China . With 25 years of experience, we specialize in producing

environmentally friendly PVC and smart card-related products. We implement rigorous quality control procedures throughout the entire production process to ensure that our products meet international standards. Our products have obtained certifications such as UL, ISO 9001, and GRS, with an annual production capacity of up to 15,000 tons.

We primarily supply customized smart card sheets to global smart card manufacturers. Our product range encompasses five main series: PVC, PETG, ABS, PC, and RPVC. These products are utilized across various sectors including finance, transportation, telecommunications, packaging, and social security. Additionally, we provide a one-stop procurement service for supplementary products, enabling global customers to easily access a wider array of 'Made in China' offerings.

An increasing number of world-renowned smart card companies have partnered with us, benefiting from our dedicated service and technical solutions. We look forward to welcoming you to join our collaboration.

ONE-STOP SOLUTION FOR CARD MATERIALS

KETIAN Products List

Our Products

Recycled PVC Card Core Sheet (PC0035)

☆ Description:

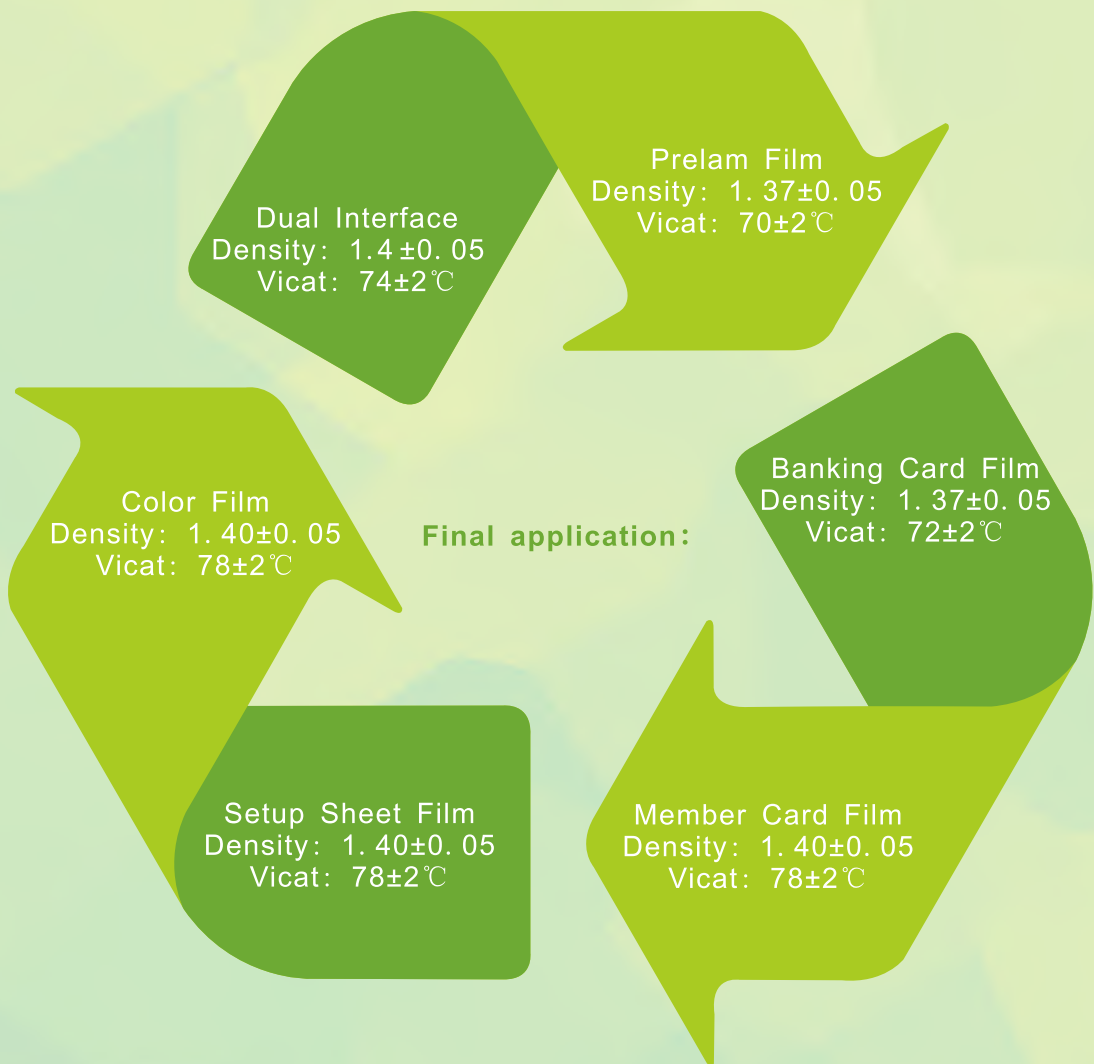

Recycled PVC Card Core Sheet, mainly for the application with PVC recycling requirements

☆ Technical Data: (Based on Certificate No: ITS-D30567-GRS-01242800)

i-card ST001				
Specification & Tolerance	Thickness Range	0.20-0.30	±5%	
		0.31-0.50	±4%	
		0.51-0.80	±3%	
	Width Range	200-460	±0.5mm	
		461-750	±1mm	
	Length Range	300-600	±0.5mm	
		601-1000	±1mm	
Squareness	1m*1m	≤ 1.2 mm		
Appearance	Surface	Matt finishing (no dencency), flatness, no wrinkle		
	Gloss	Thickness: 0.30-0.70mm	≤20	
	Roughness	Ra μm	0.6~1.4	
		Rz μm	4~14	
	Impurity	Grain Dia.0.3-0.5mm	≤20/m ²	
		>0.5mm	Not Allowed	
	Fluorescence	With/Without	With/Without	
Mechanical Characteristic	Tensile strength (Mpa)	≥40		
	Tensile Impact Strength (Kj/m ²)	≥500		
	Vicat Softening Point(°C)-B50 Test Method	78±5		
	Heating Shrinkage Rate % (140°C*10min)	Thickness:0.10-0.20mm	≤ 20	
		Thickness:0.20-0.30mm	≤ 10	
		Thickness:0.30-0.80mm	≤ 8	
	Surface Tension (Dyne/cm ²)	≥34		
Density (g/cm ³)	1.42±0.05
